Yes! We are very excited to welcome groups of all ages back to The Briscoe for self-guided and docent-led tours!

Is it safe to tour the Briscoe at this time?

The museum has taken great care to implement many protocols to preserve the health of our visitors, staff, and volunteers. Per the latest CDC guidelines, vaccinated guests are welcome to enjoy the museum and Jack Guenther Pavilion without a mask. We respectfully request all non-vaccinated guests wear face coverings.

Please note the following procedures when visiting the museum:

Masks, Sanitizers, and Cleaning

- Additional hand sanitizer stations have been placed throughout the museum.
- Museum staff will continually monitor and clean all public areas, including handrails, doorknobs, elevators, and bathrooms.

About our Air Filtration System:

We use MERV 8 filters, meaning 81.5% of dust particles fed into the filter are successfully filtered out of the air.

We also have UV air purifiers that are designed to use short-wave ultraviolet light (UV-C light) to inactivate airborne pathogens and microorganisms like mold, bacteria, and viruses.
